

For Release May 2010

Enco Industries Launches Gulf Oil Spill Supply Products and Website

Plaistow, NH – Enco Industries proudly announces the launch of their website, EncoSpillCon.com, created in response to the BP oil spill, currently threatening the Gulf of Mexico. EncoSpillCon.com serves to provide response mechanisms such as sorbents and boom to any company seeking products for crude oil clean up or disposal.

Enco Industries has sixteen years of experience in the procurement and fulfillment processes of environmentally preferred products for local, national, and Government needs. Enco's SpillCon Solutions Division was recently awarded a 5 year ID/IQ Prime Contract from the Department of Defense for the supply of Environmental Spill Control Products. The Prime Contract is expected to exceed \$2 million and represents one of the largest contracts awarded for this Federal Supply Class.

The goal of EncoSpillCon.com is to assist relief efforts in any way possible to help ensure successful clean up. For any and all inquiries about products and services, visit www.EncoSpillCon.com or call Enco Industries at (800) 278-3626.

About Enco Industries SpillCon™: Enco Industries is a leading supplier of integrated supply chain solutions for industrial, environmental, and government agencies. Enco Industries SpillCon™ Solutions Division is a leading small business manufacturer and supplier of high performance sorbent products to Marine, Environmental, Industrial and Government customers.

For additional information, please visit www.EncoSpillCon.com.
