

VENDOR INCENTIVE PROGRAM

Enco Industries' GDS specializes in the fulfillment and procurement of mission critical Government and Military commodities.

The Vendor Incentive Program was developed in partnership with GDS as a direct result of Enco's desire to provide personal aid to the men and women of the United States Military.

In times of warfare, our soldiers willingly put their lives on the line to enforce homeland security as well as maintain freedom for all American citizens. As a result, casualties are endured and many of our soldiers return home with injuries suffered in the line of duty.

Enco is extending a helping hand to our heroes by partnering with the **Wounded Warrior Project**, an organization developed to aid those that have been wounded, are suffering from post traumatic stress, or hope for a smooth transition back to the civilian lifestyle.

We offer you the chance to provide these services to your fellow Americans by joining forces with VIP. Our Vendor Incentive Program donates a percentage of all profits earned through vendor partnerships and Government purchases to the Wounded Warrior Project.

However, we recognize that supporting our fellow Americans isn't exclusive to our troops, but deserves compassion for all citizens. This understanding has propelled Enco to also donate to **Marines Toys for Tots** and **American Red Cross**.

One of the major benefits of partnering with VIP is the minimal efforts required by vendors to support our valued war fighters. By simply doing business with Enco GDS, we make donations from our profits to the Wounded Warrior Project, Toys for Tots, and American Red Cross on behalf of Enco and our associated vendor.

Together, we support our soldiers. Partner with VIP today!
